

Abandoning an MCR Prescription

Abandoning an MCR prescription is <u>irreversible</u>. Once you have marked an MCR prescription as abandoned, you have no way to revert the process and restore that prescription to its original status, and you will not be able to dispense further episodes. You cannot abandon prescriptions marked as <u>Completed</u>.

- 1. From the ePharmacy Manager *Scripts* tab, highlight an MCR prescription.
- 2. Click the [Abandon] button.
- 3. A pop-up window displays, asking whether you want to abandon the prescription.

۲	EDISON, SIMON (Master)					
Are you sure you wish to abandon UPN K881130000BWNNYW? This will abandon entire prescription and will not allow to dispense further episodes.						
Yes No						

- 4. Click [Yes].
- 5. A second pop-up window displays, asking you to enter the reason for abandoning the prescription. Enter the reason in the field.

۲	Abandon Reason	_ D X				
Patient: EDISON, SIMON (Master)						
Patient no longer requires the prescription						
	F10	- OK Oncel				
	• 110	Current				

- 6. Press [F10 OK].
- 7. The ePharmacy Manager *Scripts* tab displays, with the abandoned prescription marked with an ABANDON tag.
