

# Prescriptions Ready For Widget

Upon refresh, the *Prescriptions Ready For* widget will display real-time statistics for prescriptions waiting to be claimed, processed, collected, delivered and dispensed (through SDM/ID). By clicking on the individual widget items, new tabs will open enabling you quick access to pre-filtered reports within corresponding modules for further management/processing.

 Some of the *Prescriptions Ready For* widget item statistics are not applicable for past and/or future dates.

The screenshot shows the ProScript Connect interface. The 'Prescriptions Ready For' widget is highlighted with a red border and contains the following data:
