

Editing a Notification Template

\Lambda There is a 160-character limit on text messages.

- To begin, open the Notifications Template Message Manager from the ProScript Connect Main Screen by clicking the [ProScript Connect] menu button and selecting the *Notifications Template Message Manager* menu item.
- 2. The Notifications Template Message Manager opens in a new tab. Locate and highlight an existing notification template. The bottom section of the window updates to display the *Title* and *Message* contents of the selected notification template.
