Deleting a Wholesaler

 We recommend exercising the utmost caution when deleting a wholesaler, especially if you have outstanding orders with them on the Ordering Manager.

1. From the Wholesalers Manager, highlight the wholesaler you want to delete and press **[F2 – Edit Wholesaler]**.
2. The Edit Wholesaler Details form displays.

3. Select the *Wholesaler Deleted* tick box in the bottom left hand corner of the window.
4. A deleted watermark displays across the window.
