

Logging in to/out of PharmOutcomes via ProScript Connect

Logging in to PharmOutcomes

You can login to PharmOutcomes via ProScript Connect to record the service(s) you have provided to a patient.

- The below method explains how to login to PharmOutcomes via ProScript Connect from a patient's PMR. The PharmOutcomes button can also be found in other modules where the blue patient information bar/box displays, such as ETP, MDS and Reprints. The *PharmOutcomes Enabled* application setting will need to be set to *YES* in order for the button to display.
- 1. To begin, search for and select a patient. The patient's PMR displays.
- 2. The PharmOutcomes button displays in the right-hand corner of the blue patient information bar. A red X symbol indicates that you are currently not logged in. Select the PharmOutcomes button.

3. The PharmOutcomes login page displays inside a web browser. Enter your username and password for PharmOutcomes and select the **[Sign in]** button. Once successfully logged in, close the internet browser window and return to ProScript Connect.

If you have selected to login to PharmOutcomes in error, close the PharmOutcomes web page and return to ProScript Connect. Select the **[Cancel Login]** button within the PharmOutcomes Login pop-up window.

4. Once you are logged in, the PharmOutcomes button in the blue patient information bar will display with a green tick.

Logging out of PharmOutcomes

Once you have finished recording services on the PharmOutcomes website, you can log out via ProScript Connect.

٢

The below method explains how to log out of PharmOutcomes via ProScript Connect from a patient's PMR. The PharmOutcomes button can also be found in other modules where the blue patient information bar/box displays, such as ETP, MDS and Reprints. The *PharmOutcomes Enabled* application setting will need to be set to *YES* in order for the button to display.

1. To begin, search for and select a patient. The patient's PMR displays. You know that you are currently logged in to PharmOutcomes as the PharmOutcomes button within the blue patient information bar will have a green tick.
