

Printing and/or Exporting an Intervention Letter

Intervention letter templates are only available for anticoagulant therapy, lithium therapy and prescription interventions.

- You can access the Interventions Manager from the top left-hand corner of the ProScript Connect Main Screen, by clicking ProScript Connect > Interventions.
- 2. From the Interventions Manager, highlight either an anticoagulant therapy, lithium therapy or prescription intervention in the grid and press **[F4 Letters]**.
- 3. The Intervention Letters Manager window displays.
